THE PROGRAM

The Non-Commercial Supporting Announcement Program is an affordable way for government agencies and non-profit organizations to get their message heard statewide. CBA member stations donate their airtime to the CBA to help further the CBA's mission of "building a stronger broadcast industry".

Participants in the NCSA program are able to be seen and heard on hundreds of stations, multiple times, for a fraction of the cost.

The CBA provides:

- Creative distribution to member stations
- Affidavits of performance
- Continuity between member stations and the campaign

The participant provides:

- Creation of their radio and/or television spots (CBA can provide resources)
- Media duplication

RESTRICTIONS

- Participants must be government agencies or non-profit.
- Participants cannot purchase radio or television advertising 90 days prior to or during their NCSA campaign.
- Political candidates and/or elected officials are not allowed to appear, in person, by name or provide voiceovers for any NCSA campaign.
- The Colorado Broadcasters Association sponsorship tag must be present on all creative announcements.
- The NCSA program is limited to four (4) concurrent campaigns during any one month.
- The CBA reserves the right to reject any NCSA campaign for any reason.
